1.Inroduction

In the UI design you can see i have created one creative UI for the website called 'Tailbuds'. In this UI there great features specified like login,logout,home page, add breed, update breed , reset password and etc.

2. User Interface Design and Prototype

here is the link for my adobe XD prototype, have a look : https://xd.adobe.com/view/f4829c30-f9b0-4526-4a43-444568465546-82b3/?fullscreen&hints=off

3.Navigation Structure

You can see i have added side menu in it and there are some navigation opyions like Home , My Profile , Help and Logout.

4. references

I have not taken references from any where its my only emagination and work.

Thank You!!!
